Part 2: Short-Answer Questions

We would like to get to know you a little bit better! Please answer the following questions in a few sentences. Feel free to have someone help you get ideas, but remember to express yourself in your responses! Your answers may be typed or neatly written on a separate piece of paper.

1. Think of a time you faced a challenge and you overcame it. Tell us about that time and what you learned from that experience.
2. What are some of your interests and hobbies? Why are they important to you?
3. Why did you decide to apply for the Artemis project? What are some things you hope to learn in this camp?
4. You DO NOT need experience with technology in order to be a part of this group. However, we would like to know if you have used a computer before and how (games, email, school assignment, etc...).
5. The president of Brown University just came to you asking for help! She needs you to come up with an invention that will make people's lives easier. What invention would you come up with and how would it work?

Part 3: Teacher Recommendation

(you can cut this part off and give it to your teacher)

Please ask a past or current teacher to submit an online recommendation form for you. Access the form through our website: visit cs.brown.edu/orgs/artemis and navigate to the "Applications" tab on the left. We must receive the recommendation by **April 17th**.
