Full Name:

Date of Birth:

Current School:

Current Grade:

High School Attending in the Fall:

Name of Teacher Submitting Recommendation:

Parent's Name:

Phone Number:

Email Address:

Home Mailing Address:

Part 2: Short-Answer Questions

We're interested in getting to know you better and learning why you want to attend The Artemis Project. Please take the time to fill out these questions in a few sentences. Your answers may be typed or neatly written *on a separate piece of paper*.

1. Tell us about a time you felt like you belonged to a group or community and what it meant to you.
2. What do you like to do with your free time?
3. Why are you interested in The Artemis Project? What topics would you most like to learn about if you attend?
4. Knowledge of computers is not a prerequisite for The Artemis Project and will not be used against you. However, we are interested in whether you have used a computer before and in what ways? (E.g. email, writing papers, playing games.)
5. If you could invent something to help people with a problem they face, what would you create? This could focus on an everyday problem, or one on a global scale. Describe why the problem you want to solve is important to you and how your invention would work.

(you can cut off this part to give to your teacher)

Part 3: Teacher Recommendation

Please ask a past or current teacher to submit a letter telling us more about you, and why you would be a good fit for The Artemis Project. They can email the letter to artemis@cs.brown.edu, or mail it to the address below. We must receive the recommendation by **April 11th**.
