Box/Apt. Street

City State Zip

Evening phone: _____

Email address: _____ (useful, but not required)

Name of Parent/guardian: _____

Phone (daytime): _____ evening: _____

Please include a recent photo of yourself, if possible.

I) RECOMMENDATION

Please attach a letter of recommendation from a teacher, counselor, or other adult in your community who is not related to you. This letter should discuss why you are a good candidate for the Artemis program, your interests in science and mathematics, and qualities that make you stand out, especially in an educational or cooperative setting.

II) SHORT-ANSWER QUESTIONS

- 1 What do you usually do in the summer? Have you attended any summer programs before (if so, which ones)?

- 2 Describe a situation of project in which you had/have a role of responsibility and/or leadership. What challenges came up? How did you deal with them?

- 3 Previous computer experience is **NOT** a requirement for this program, and will not count either for or against you. However, we'd like to know ahead of time what computer or engineering experience you may have.

Artemis Project 2000

June 26 – July 28, 2000

III) ESSAY

Your answer to the following question need not be longer than a page, but should not be shorter. Answers should be neatly written or typed on a separate piece of paper, and attached to this form. Creative answers are encouraged!

What dreams and ambitions do you have for the future? What school subjects or questions are you most curious about? Finally, how do you see your participation in the Artemis Project helping you achieve your dreams?

I am sincerely interested in participating in the Artemis program this summer. I understand that it meets daily, 8:30 am to 3:00 pm, from June 26 through July 28, 2000.
