8. If you were given the opportunity to take another course about anything related to computer science (programming, html/css), would you? Why or why not?

	Comment Text	Response Date
 Find	1. more complicated robotics because it wasn't that challenging	Sat, 7/26/08 12:52 PM
 Find	2. I think I would take another class just to refresh my memory and to see what else I could learn from that class that you didn't get the chance to get to, like the advanced tools.	Fri, 7/25/08 1:53 PM
 Find	3. yes!! computer science rocks! and i hope to continue with it throughout my life!	Fri, 7/25/08 1:49 PM
 Find	4. Yeah, but only if it was like Artemis because I really like the fun here and I wouldn't have it any other way.	Fri, 7/25/08 1:40 PM
 Find	5. Yes, because I want to learn more about computers, and hopefully program games as a job.	Fri, 7/25/08 1:38 PM
 Find	6. Yes i would. Because i would love to learn more. And i think its really cool.	Fri, 7/25/08 1:38 PM
 Find	7. I would take programming again because apparently, i'm really confused on how to write programs. Although it was hard it was really fun and you get really cool outcomes in the end. I just want to learn more so i can have even cooler stuff in the end.	Fri, 7/25/08 1:37 PM
 Find	8. i might take another class in robotics because i liked building robots	Fri, 7/25/08 1:36 PM
 Find	9. HTML and CSS. because it was so interesting and i learned how to do about of this with HTML and CSS.	Fri, 7/25/08 1:36 PM
 Find	10. yes, i would take a course in comp. programming or html/css because it seems very interesting & fun.	Fri, 7/25/08 1:34 PM
 Find	11. yes!!! i hope to pursue a career at google * stalking dance *	Fri, 7/25/08 1:33 PM
 Find	12. I think I would, because I enjoy learning and doing stuff on the computer.	Fri, 7/25/08 1:33 PM
 Find	13. I might, but I am very interested in the medical field so I might do something along those lines!	Fri, 7/25/08 1:33 PM
 Find	14. I think i would. One, because it is fun and interesting to learn about this stuff. Also, because I think computer science is a great skill to have.	Fri, 7/25/08 1:32 PM
 Find	15. I would have liked to learn how to use different programming languages because I want to learn more about what the computers understand.	Fri, 7/25/08 1:32 PM
 Find	16. Yes because I think computers are so interesting.	Fri, 7/25/08 1:31 PM

9. How might the Artemis experience help you to develop your interests further, and how might we help or guide you?

	Comment Text	Response Date
 Find	1. i am not sure...I learned a lot	Sat, 7/26/08 12:52 PM
 Find	2. This experience definitely got me more interested and aware of the whole field because I can now find what my passion is, and find a way to apply it to computer science. For example, my career alternative from computer science is being a fashion stylist, so if I could find a way to put them together somehow and find a way to get there, I'll be very happy.	Fri, 7/25/08 1:53 PM
 Find	3. From my experience at Artemis I feel a lot more comfortable dealing with computers. I have also had the opportunity to experiment with many different skills that i would love to continue with.	Fri, 7/25/08 1:49 PM
 Find	4. It showed me that just because some stupid jerk says I'm not made for CS,I can fight back and not just take that insult and say"well,that what's you THINK,but I KNOW I'm made for CS."	Fri, 7/25/08 1:40 PM
 Find	5. I learned at Artemis that there was so much I didnt know about computers. When I signed up for it, I thought it would be easy because I knew a lot about computers, but it turns out that it was a challenge for me, because there were things about computers that I had no clue even existed! Because of Artemis, I want to learn more programming languages, because they are so much more interesting and useful than I thought!	Fri, 7/25/08 1:38 PM
 Find	6. I think it got me really interested in the computer science field. I never really thought i would be so interested in it. I really like it, and maybe ill do something on it in the future.	Fri, 7/25/08 1:38 PM
 Find	7. The Artemis experience helped me develop my interests even further because they taught me a lot of stuff and most where through step by step instructions. i found the instructions to be very easy to understand. The tutorials i found on the internet did not help me at all, even after i read it 10 times. I wasn't really interested in any of the stuff that was taught in Artemis before, but after i actually got to do those stuff, i really liked it and would like to learn more about it later on.	Fri, 7/25/08 1:37 PM
 Find	8. i wasnt that interested in computer science before coming to this program	Fri, 7/25/08 1:36 PM
 Find	9. it made me open my eyes for the future and what cool job i would like to go into.	Fri, 7/25/08 1:36 PM
 Find	10. it will help me in many ways which are too long to type.	Fri, 7/25/08 1:34 PM
 Find	11. ? ummm....m3h i dont really understand	Fri, 7/25/08 1:33 PM
 Find	12. The Artemis expeirence made me realize what I did and didnt like about computer science.	Fri, 7/25/08 1:33 PM
 Find	13. I learned alot more than I ever thought I would. I also realized that Computer science is extremely difficult and challenging!	Fri, 7/25/08 1:33 PM
 Find	14. It helped me becasue it taught me things that I hadn't previously known, and useful skills.	Fri, 7/25/08 1:32 PM
 Find	15. Well I want to do something in the Science field so Artemis helped me to start learning :)	Fri, 7/25/08 1:32 PM
 Find	16. They could tell what it would be like without all this stuff we have.	Fri, 7/25/08 1:31 PM

Comment Text		Response Date
 Find	1. I have no idea	Sat, 7/26/08 12:57 PM
 Find	2. Well my options are to work in computer science or work in fashion (a fashion stylist is what I would like to do other than CS). Learning more about computer science was better for me because knowing there are different things to do within the field, I'll have more of a chance to see what I like.	Fri, 7/25/08 2:10 PM
 Find	3. science (computer science, biology, and chemistry) business * I have always loved computers but now I am motivated to continue in computer science through college and hopefully work at Google (fingers crossed) or any other place that includes computer science (like the cave!!)	Fri, 7/25/08 1:58 PM
 Find	4. Computer Science and Game Programming. Without Artemis, I probably would've abandoned the idea.	Fri, 7/25/08 1:47 PM
 Find	5. journalism and being a reporter. But because of artemis I am also considering computer programming!!	Fri, 7/25/08 1:45 PM
 Find	6. programming and japanese1/2	Fri, 7/25/08 1:44 PM
 Find	7. I want to attend Brown. I think i would want to study in the medical field or the sciences. Artemis has definitely inspired me.	Fri, 7/25/08 1:43 PM
 Find	8. physiology and physics these choices have not been influenced by Artemis.	Fri, 7/25/08 1:43 PM
 Find	9. nothing. i wont study in anything because i am going 2 be an actor / singer	Fri, 7/25/08 1:42 PM
 Find	10. Something related with design and technology using computers. Artemis somewhat influenced this because now I know what I do and dont like about computer science.	Fri, 7/25/08 1:40 PM
 Find	11. my top 2 interests are web design and writing.	Fri, 7/25/08 1:40 PM
 Find	12. chemistry and biology	Fri, 7/25/08 1:39 PM
 Find	13. I would love to study Journalism, and maybe something related to computer science. I've always been interested in computers and technology, and artemis has opened my eyes to all of the possibilities.	Fri, 7/25/08 1:39 PM
 Find	14. I want to go to medical school and also study math and performing arts!	Fri, 7/25/08 1:38 PM
 Find	15. Well Science and Math and Artemis influeneced the science part because I really didn't know how to use stuff on a computer and this helped me to learn more.	Fri, 7/25/08 1:37 PM

14. Ultimately, what possible career choice(s) are you considering at this moment? Is this wish influenced at all by anything you learned at Artemis? Would your answer have been different before you participated in Artemis?

Comment Text		Response Date
 Find	1. I don't know what I want to do yet	Sat, 7/26/08 12:57 PM
 Find	2. Check answer above for the first to questions. I think my answer might have been a little different because I wouldn't have known all of this information that I know now and before my first choice might have been fashion...	Fri, 7/25/08 2:10 PM
 Find	3. I'm not sure yet, I'm keeping my options open. Before Artemis I was very intrigued my the business industry now because of Artemis I am more intrigued by computer science maybe I could find a job including both!!	Fri, 7/25/08 1:58 PM
 Find	4. Video Game Designer.My answer might have been different before Artemis.	Fri, 7/25/08 1:47 PM
 Find	5. I want to own my own magazine company (and be a journalist/reporter). But I will definitely need to know a lot about computers if I am going to make a magazine.	Fri, 7/25/08 1:45 PM
 Find	6. GOOGLE and an english teacher sorta thing	Fri, 7/25/08 1:44 PM
 Find	7. I want to be a pediatrician. But now i am also considering having a career in Computer Science. Artemis made me become interested in computer science, i would have never thought of that as a career choice for me before.	Fri, 7/25/08 1:43 PM
 Find	8. I'm thinking of being a computer scientist, physiologist and physics scientist. The computer scientist part was influenced by the programming at Artemis. When i went to The Cave, i wanted to study programming more so that one day, maybe, i can make something cool like that or even help virtual reality better.	Fri, 7/25/08 1:43 PM
 Find	9. i am going 2 be an actor / singer	Fri, 7/25/08 1:42 PM
 Find	10. Architecture and Pharmacist these 2 careers were not influenced at all by artemis.	Fri, 7/25/08 1:40 PM

 Find	1. maybe..I am not sure what I want to do	Sat, 7/26/08 12:57 PM
 Find	2. Artemis has explained more of what I already knew (and that knowledge came from my older sister) but it gave me more to think about.	Fri, 7/25/08 2:10 PM
 Find	3. yes	Fri, 7/25/08 1:58 PM
 Find	4. Yeah,like: Software Engineer Web Designer Programmer	Fri, 7/25/08 1:47 PM
 Find	5. Yes, it showed me that it is not that hard for me to learn new things about computers that I thought I was never going to be able to do, so I will always keep that in mind when I am thinking about careers (computer programming, robots, etc.)	Fri, 7/25/08 1:45 PM
 Find	6. YES XD *does the google dance*	Fri, 7/25/08 1:44 PM
 Find	7. Yes. Now i understand that woman can do any career they want, specially anything in science.	Fri, 7/25/08 1:43 PM
 Find	8. Artemis has introduced me to new career possibilities for women. I never knew there was such a thing as computer science before i went here.	Fri, 7/25/08 1:43 PM
 Find	9. yes. Google.Golden Sachs. etc	Fri, 7/25/08 1:42 PM
 Find	10. I might also enjoy working as a custom animation person, artemis did influence that.	Fri, 7/25/08 1:40 PM
 Find	11. yes, i think artemis has introduced me to many career possibilities.	Fri, 7/25/08 1:40 PM
 Find	12. not sure	Fri, 7/25/08 1:39 PM
 Find	13. Not really, but it has shown me that I want to take further computer science classes or courses.	Fri, 7/25/08 1:39 PM
 Find	14. I don't think so.	Fri, 7/25/08 1:38 PM
 Find	15. Yes. I want to maybe work at Goldman Sachs one day :)	Fri, 7/25/08 1:37 PM

16. Will you stay in touch with the girls you met for the first time at Artemis?

 Find	1. I will try..but I don't have people's screennames or numbers	Sat, 7/26/08 12:58 PM
 Find	2. yes I will.	Fri, 7/25/08 2:14 PM
 Find	3. YES!	Fri, 7/25/08 2:02 PM
 Find	4. That is a big,fat,YES!	Fri, 7/25/08 1:48 PM
 Find	5. Yes	Fri, 7/25/08 1:46 PM
 Find	6. ill try!	Fri, 7/25/08 1:46 PM
 Find	7. I hope so. I made lots of friends here, i think everyone was great!	Fri, 7/25/08 1:45 PM
 Find	8. yes, of course	Fri, 7/25/08 1:44 PM
 Find	9. Yeah, i'm pretty sure ill keep in touch	Fri, 7/25/08 1:43 PM
 Find	10. Duhh	Fri, 7/25/08 1:43 PM
 Find	11. yes i will. I have some screennames, emails and myspaces.	Fri, 7/25/08 1:42 PM
 Find	12. I think so.	Fri, 7/25/08 1:40 PM
 Find	13. For sure!	Fri, 7/25/08 1:40 PM
 Find	14. Well yeah :) They are all really nice	Fri, 7/25/08 1:39 PM
 Find	15. yes	Fri, 7/25/08 1:39 PM

17. Do you think that it would be difficult to be the only girl in a math or science class? Why?

	Comment Text	Response Date
 Find	1. no	Sat, 7/26/08 12:58 PM
 Find	2. yes it would because I would feel like an outsider and since guys think differently it would be weird to share ideas with everyone else.	Fri, 7/25/08 2:14 PM
 Find	3. Yes, because I feel as though people could think less of me because I am a girl, but I love it so I would continue with it and prove them wrong.	Fri, 7/25/08 2:02 PM
 Find	4. No,because for me,it wouldn't make a difference.	Fri, 7/25/08 1:48 PM
 Find	5. No, as long as I understand the materials as much as everyone else.	Fri, 7/25/08 1:46 PM
 Find	6. no, boys are mega wimps you just have to know where to hit them *kekeke*.... wait is that a psychological question?	Fri, 7/25/08 1:46 PM
 Find	7. Yes and no. It would obviously be uncomfortable because there are no other girls there. But i dont think it would be completely difficult because girls can be better than boys.	Fri, 7/25/08 1:45 PM
 Find	8. i think it would be difficult because then i'd feel really awkward and not want to talk to the people around me considering i'm the only girl.	Fri, 7/25/08 1:44 PM
 Find	9. yes,because you wouldn't know who to talk to.	Fri, 7/25/08 1:43 PM
 Find	10. no.because i just dont	Fri, 7/25/08 1:43 PM
 Find	11. No I don't think it would be difficult, for me boys are easier to get along with and some boys even understand me better then girls. I also think that the boys will challenge me to do even better because i would want to prove that girls can be just as good as boys.	Fri, 7/25/08 1:42 PM
 Find	12. I don't think so. I, personally, think that I would enjoy the challenge.	Fri, 7/25/08 1:40 PM
 Find	13. No i don't I think that I could potentially be the smartest so why would it matter?	Fri, 7/25/08 1:40 PM
 Find	14. Yes I think so becuae there are always be guys who will say women can't excel in the Sciences departments and we the ladies have to prove them wrong.	Fri, 7/25/08 1:39 PM
 Find	15. no	Fri, 7/25/08 1:39 PM

18. Does having the chance to be part of a group of peers interested in math or science make it more likely that you will pursue these interests academically or outside of school?

 Find	4. Yes	Fri, 7/25/08 1:48 PM
 Find	5. Yes, because it showed me that even though they may not seem like it, many girls are really interested in computers.	Fri, 7/25/08 1:46 PM
 Find	6. ? i dont really care what other people think of me so weather or not im working with dedicated people if i like what im doing i'll give it my all.	Fri, 7/25/08 1:46 PM
 Find	7. Yes, that makes it more comfortable.	Fri, 7/25/08 1:45 PM
 Find	8. yes	Fri, 7/25/08 1:44 PM
 Find	9. yeah	Fri, 7/25/08 1:43 PM
 Find	10. idk	Fri, 7/25/08 1:43 PM
 Find	11. yes, it was nice to be with girls that shared the same interest and that were computer "geeks" like me :)	Fri, 7/25/08 1:42 PM
 Find	12. Yes, I think so.	Fri, 7/25/08 1:40 PM
 Find	13. I might it will depend what I feel like when the time comes around!	Fri, 7/25/08 1:40 PM
 Find	14. Maybe it all depends	Fri, 7/25/08 1:39 PM
 Find	15. not sure	Fri, 7/25/08 1:39 PM
